HOME TOWN STUFF

An anonymous friend sends in a clipping, without comment, of a paragraph recently appearing in this column. The paragraph contained an error, the same being a line omitted. It is refreshing to discover that some one reads this column sufficiently close to observe an error. It is encouraging to find that we have one reader. Hence, the necessity for being careful, lest we lose that one.

A lady client sends an inquiry to this column wanting to know why the post office building is locked at 9 o'clock each night, thus making it impossible for boxholders to get their mail after that bewitching hour. The lady avers that she never before lived in a town where the post office building was locked at such an hour, and wants to know of H. T. why it is so in Vernon. H. T. cannot divine the mysteries of postal administration under Republican rule and will not attempt to do so. All he has to say is that if the people of this country get wise and elect a Democrat as President and thus insure a turn-over in the postal service, if the people will do that, H. T. may be able to say something for the common people. But until then, he will only say he doesn't care a fig whether school keeps or not provided our football team wins over Wichita. The weather is fine for cotton picking and lots of it is being done, and maybe King Solomon was merely joking when he told Cleopatra: "Give me liberty or give me death."

The demand for free circus tickets has already started. All boys and girls under sixteen years of age have to do is to get a new subscription to this newspaper for one year or a renewal of an old subscription for the same length of time. Bring in the subscription and our genial circulation manager will present one ticket for each of the three major attractions of the Robbins circus, the main show, the side show and the Buck Jones wild west show. These tickets cost you \$1.25 each and you will keep on taking The Record anyway so you might as well renew now and get the tickets without any cost whatever. It's a bargain, if ever there was one.

Published pictures of the Coolidge-Trumbull wedding party up in Connecticut the other day show young Coolidge's father-in-law wearing spats. Calvin himself probably doesn't wear them because they cost about \$1.50 a pair. Another interesting revelation of the pictures is that all ladies in the party wore reasonably long dresses, which shows that New England ladies don't have to be careful when they sit down, lest they expose their knees.

Reports from Birmingham on the Dixie series ball game yesterday say that Birmingham won the game because a former Texan, playing with Birmingham, stole home. That sounds like a mean trick to play on our Texas boys, especially when it was perpetrated by a former Texan. Radio listeners in Vernon yesterday were hoping for the very last that Dallas would win.

A good idea for farm relief of local cotton farmers would be to have the boll weevils destroy the crops in East Texas and the Mississippi Valley States.

Vernon merchants are reporting good Fall business. A possible explanation may be found in one of the columns west of this one which shows that about 3,600 bales of cotton have been picked and ginned.

A news report says that our County Commissioners have purchased a calculating machine for use in the tax department. We hope it is equipped with four-wheel brakes and that they are in good working order when it figures our assessment.

CAR STRUCK AT RAIL CROSSING IN GAINESVILLE

One Occupant Sustains Broken Neck When He Is Thrown From Car and Other Is Crushed Beneath Machine—Car Running at High Speed.

Gainesville, Texas, Sept. 26.—(P)—W. Y. McConnell, 67, and A. L. Davis, 70, were killed instantly at the south Grand Avenue Missouri-Kansas-Texas Railroad crossing here today when a locomotive, pulling only a caboose, struck McConnell's automobile and hurled it down the right-of-way for about 100 feet.

Davis was thrown from the car and sustained a broken neck. McConnell was crushed beneath his automobile.

Both men were married and fathers of children. Davis had been operating a transfer wagon here for a number of years. McConnell operated a children's rescue home, a filling station and a farm five miles north of Gainesville.

It was believed the driver of the vehicle did not hear the engine approaching because of the speed at which the automobile was traveling.

HOUSTON WINS W. C. T. U. MEET

TEXAS CITY SELECTED FOR 1930 CONVENTION OF ORGANIZATION

Indianapolis, Sept. 26.—(P)—Houston, Texas, was selected as the 1930 convention city of the Woman's Christian Temperance Union at a meeting of the National Executive committee here today. Denver, Colo., also sought next year's meeting.

PART OF REVOLTING CHINA REGIMENT IS DISARMED

Nanking, China, Sept. 26.—(P)—The Governor of Hunan Province said today Hunan forces after severe fighting had disarmed part of General Chang Fah Wei's revolting "iron-sides" division.

BURKETT FILES BANKRUPT PROCEEDINGS IN COURT

San Antonio, Sept. 26.—(P)—Joe W. Burkett, whose highway commission post was involved in the storm which shook the latter part of Governor Miriam A. Ferguson, has filed voluntary proceedings in bankruptcy in Federal court here. Assets were listed as \$6,900, and liabilities, most of which were represented by two Eastland County judgments, as \$548,783.

HIPPOTAMUS ATTACHED BY GREENVILLE OFFICIALS

Greenville, Texas, Sept. 26.—(P)—An attachment on a hippopotamus, property of a circus now showing in Houston, has been obtained by Linton L. Bowman and Sam Polk, city attorney and Chief of Police of Greenville, respectively, for damages of \$4,885.70 to city streets by the circus on its visit here a year ago. Bond was posted.

FIVE CHARGED IN DEATH OF SAN ANTONIO OFFICER

San Antonio, Sept. 26.—(P)—Five persons were charged with murder, four more were under arrest, and five others were questioned today in connection with the fatal ambushing near here Tuesday night of Charles Stevens, dry agent.

Joe Hobercht, Alice Smith, Pedro and Luisa Guajardo and Lynn Stevens were charged with murder. The latter was still at large, but was believed to have been injured in the gun battle which took the agent's life.

Police were in possession of clues indicating Lynn Stevens was hiding in the city, too critically ill from his bullet wound to attempt flight. A fire gutted the home of Lynn Stevens late yesterday after police found and destroyed 5,000 gallons of whiskey.

Charles Stevens died at 12:40 p. m. yesterday of bullet wounds received at midnight Tuesday night when he and two other agents were ambushed on the Pleasanton road. Stevens was shot in the first volley.

A second agent, Pat Murphy, sprang from the car which he was driving and single handedly dispersed the attackers. He was believed to have wounded at least two of them.

BOBBITT TAKES OVER DUTIES

INVESTIGATION OF HIDALGO COUNTY FINANCES TO BE ONE OF FIRST ACTS

Austin, Sept. 26.—(P)—R. L. Bobbitt of Laredo entered upon his duties as Attorney General today, succeeding Claude Pollard, resigned. He took the oath of office, administered by Judge W. C. Morrow of the Court of Criminal Appeals, shortly after his appointment had been formally announced by Governor Moody.

One of the first pieces of work he will undertake will be an investigation of the finances of Hidalgo County Good Government League in a telegram to Governor Moody. The Governor said he would refer the matter to Attorney General Bobbitt. Galloway Calhoun, first assistant attorney general under general Pollard, said he was undecided if he would remain in the department.

Stir Caused by Manifesto Attack on China's Chief

Shanghai, Sept. 26.—(P)—A stir was caused in political circles today with the distribution of a manifesto attacking the Nationalist Government and President Chiang Kai-Shek to the foreign and Chinese press. The manifesto bore the seal of the Kuomintang, Nationalist political organization, and was presumably signed by Wang Ching-wei, radical former chairman of the Kuomintang central, and ten other former members of the central executive committee, who were ousted with the advent of Chiang Kai-Shek into power.

Origin of the document, however, could not be ascertained although persons close to the left wing of Kuomintang expressed belief the manifesto was anonymous, and possibly indicated the secret return to China of Wang Ching-wei, who had taken refuge in Europe. Some also believed it was the forerunner of a left wing attempt to dislodge Chiang Kai-Shek and to inaugurate sweeping changes in the personnel of the National government.

HIRING SHEARER CAUSED ROW IN SHIP COMPANY

Official Tells of Quarrel Resulting From Self-Styled Big Navy Advocate's Employment for Assignment at \$25,000 Salary.

Washington, Sept. 26.—(P)—William B. Shearer's \$25,000 assignment to observe and report the 1927 Geneva naval conference resulted a year later in a "sharp quarrel" between two shipping executives, Laurence R. Wilder said today before a Senate committee in relating his connection and interests with the shipbuilding panics.

Wilder, former president of the American Brown Boveri Electric Corporation, testified he had quarreled with Clinton L. Bardo, president of the New York Shipbuilding Corporation, a subsidiary of the other company, over Shearer's assignment.

He said he had heard nothing of Shearer's work until twelve months had gone by and that he then had urged the shipping companies who sponsored the assignment to make a public announcement of it.

The witness said he told Bardo the shipping business was in a "precarious condition" and it would be better for all to publicly acknowledge the secret employment. Under questioning, he added Bardo had argued it would be best to forget the matter and "drop Shearer out of the picture."

VIOLENT QUAKE SHAKES ISLAND

SUSPENSE GRIPS POPULACE OF WESTERN HAWAII AFTER TREMORS

Hilo, Island of Hawaii, Sept. 26.—(P)—Suspense and excitement gripped the populace of Western Hawaii today after residents had been frightened from their homes by a violent earthquake, believed to be the forerunner of eruptions from three big volcanoes nearby.

The most violent quake of a series of about 150 tremors that had kept the western half of the island quivering for more than 24 hours came shortly after 6 o'clock last night. Walls and buildings in the area fell, and residents rushed from their homes.

So violent was the quake the seismograph at Kilauea was ruined. It was the most severe shaking the island has received within the memory of its oldest residents.

HOUSTON GIRL IN SERIOUS CONDITION AFTER ATTACK

Fouston, Sept. 26.—(P)—A 16-year-old Houston telephone operator was said to be in a serious condition after her home after a 24-year-old man attacked her early today.

The man and a couple were sought by police.

3,839 BALES OF COUNTY CROP HAVE BEEN GINNED

A total of 3,839 bales of the 1929 Wilbarger County cotton crop had been ginned this morning, reports of ginners to The Vernon Daily Record revealed. Ginners indicated that picking is rapidly approaching mid-season intensity and that the rush of the season is expected in about fifteen days.

The total shown in today's report is considerably more than had been ginned at the corresponding date last year. No reports were made last year until October 4, when 2,243 bales had been ginned.

A new gin is operating in the Farmers Valley community, and the Farmers Gin Company plant of Vernon has not yet started running this year.

Reports of gins made today follow:

CHICAGO NEGRO UNREST QUIETED

SEVERAL HUNDRED POLICE AND SOLDIERS PATROL TURMOIL DISTRICT

Chicago, Sept. 26.—(P)—Fear of trouble in the densely populated negro quarter of the south side was quieted today by the presence of several hundred policemen and national guardsmen, stationed there following the slaying of a police officer William Gallagher and John Stephenson, a negro.

Milliamen guarded armories in which were stored munitions. The eighth regiment, a negro unit, occupied the armory nearest the flat building in which occurred yesterday's gun fight between policemen and negro cutthroats.

Jesse D. Hults, policeman wounded when officers raided headquarters of the Moorish Holy Temple of Science of the World, lay near death. He was shot seven times. Condition of the other wounded officer, Stewart McCutcheon, also was serious. Moses Jackson, known to other cult members as "The Sheik," was recovering from a shoulder wound.

HOOPER NOT TO COME TO TEXAS

CUTTING SAYS SITUATION IN CONGRESS PREVENTS SOUTHWEST TOUR

Washington, Sept. 26.—(P)—Senator Hooper, New Mexico, today said he had been informed President Hoover would be unable to visit either Texas or New Mexico this fall.

CADET KILLED IN JUMP FROM FALLING PLANE

Flyer Is Mangled in Propellor in Attempt to Save Himself in Parachute Leap at San Antonio—Ship Dives From 2,000-Foot Level.

San Antonio, Sept. 26.—(P)—Clark M. Whitcomb, 24, Kelly Field army cadet, met death today when an attempt to jump from his falling plane proved futile. His body was mangled by the propellor.

The accident occurred 10 miles northwest of Kelly Field. Whitcomb had previously flown observation planes, but today he took up a pursuit plane for the first time. While doing acrobatics at an altitude of 2,000 feet, he put the plane into a spin. Upward down, the plane shot to the ground. At a low altitude, Whitcomb attempted to escape by a parachute jump, but was caught by the propellor.

Whitcomb is survived by his parents, Mr. and Mrs. A. M. Whitcomb of Helena, Mont.

CHICAGO NEGRO UNREST QUIETED

SEVERAL HUNDRED POLICE AND SOLDIERS PATROL TURMOIL DISTRICT

Chicago, Sept. 26.—(P)—Fear of trouble in the densely populated negro quarter of the south side was quieted today by the presence of several hundred policemen and national guardsmen, stationed there following the slaying of a police officer William Gallagher and John Stephenson, a negro.

Milliamen guarded armories in which were stored munitions. The eighth regiment, a negro unit, occupied the armory nearest the flat building in which occurred yesterday's gun fight between policemen and negro cutthroats.

Jesse D. Hults, policeman wounded when officers raided headquarters of the Moorish Holy Temple of Science of the World, lay near death. He was shot seven times. Condition of the other wounded officer, Stewart McCutcheon, also was serious. Moses Jackson, known to other cult members as "The Sheik," was recovering from a shoulder wound.

MOODY LIKELY TO HAVE TWO PLACES TO FILL

Austin, Texas, Sept. 26.—(P)—Appointment of R. L. Bobbitt of Laredo to be Attorney General of Texas will probably necessitate Governor Moody's filling two other offices.

It is likely he will appoint District Judge John A. Vails to succeed Bobbitt as District Attorney, since it is understood Judge Vails has asked for the place. If Judge Vails is made District Attorney the Governor will have to fill the judgeship.

MARTIAL LAW SEEMS MORE CERTAIN AT BORGER

Borger, Texas, Sept. 26.—(P)—Martial law for Borger seemed more imminent today when it was learned business men in conference with General Jacob Wolters yesterday promised hearty cooperation in the event the town should be put under military rule.

Although business men and Mayor Pa-e refused to discuss the conversation with the general in detail, they did newspapermen to believe they had not vigorously protested martial law, but had pledged their support to any action Governor Moody might take.

One objectionable point, they indicated, was that under martial law all city and county officers could be removed for duration of military rule and supplanted by men named by the commanding officer. There are enough Rangers in Borger to fill all offices.

When military rule ended local officers automatically would return to office unless ouster proceedings against them were begun.

Doubt was expressed as to whether martial law would apply only to Borger or Hutchinson County to include Stinnett, the county seat. Some residents expressed the opinion that if Stinnett were not included, lawless elements might move from Borger to the county seat.

FLOOD WIPES OUT VILLAGE

THREE BUILDINGS REMAIN STANDING IN SMALL NEW MEXICO TOWN

Albuquerque, N. M., Sept. 26.—(P)—Muddy waters of the Rio Grande today sloshed about three buildings, all that remained of San Marcel, N. M., once a town of 1,400. In the foot hills, across a broad expanse of flood waters, which broke through dikes at San Marcel, were refugees, some of whom had left before the flood and fifty-four, who were rescued yesterday by boats.

The 64 were marooned in the three remaining buildings—the Santa Fe depot, Harvey House and a bank. The buildings were standing in from five to eight feet of water. A phone line to the Harvey House was working until 3 p. m. yesterday, after which no one answered. The presumption was that all had been taken from the flooded area by a powerboat sent to their rescue.

In the hills west of the new town, there are probably 200 refugees. Most of them were without food or shelter. The older Indians in the original San Marcel nestled on high ground, and, safe from the Rio Grande were giving their all to aid. Thus far there has been no sickness, but if outside aid is not forthcoming, apprehension for the future is felt. The Red Cross, with the help of numerous Socorro residents, planned to make an effort to reach the refugees with tents and supplies by way of Magdalena and Rosedale down Mulligan Gulch.

Many mobile houses in San Marcel crumbled with the advent of the water. The Santa Fe Railroad tracks were washed out and a freight train upset.

SUIT SEEKS INJUNCTION IN HIDALGO COUNTY BONDS

GALE CENTER MOVING NEAR FLORIDA COAST

Havana Reports Fear Disturbance Heading for That City After Sudden Weather Change—Has Remained Almost Stationary.

Miami, Fla., Sept. 26.—(P)—A message from the British freighter Desmira grounded at Abaco Island, Bahamas, to tropical radio at 10 a. m. today said the crew was abandoning ship in its lifeboats, but that the captain, radio operator and others were staying aboard.

This message, and another sent at 7:53 a. m., indicated the vessel had weathered the heavy winds and seas that besieged it yesterday as it lay grounded 100 feet off Man-of-War Key, near eastern Abaco.

Decision for the crew to abandon ship apparently was made since the earlier message and in the face of quieting seas and an abatement of the buffeting winds that swept the vessel yesterday.

CENTER OF STORM REPORTED LIKELY TO STRIKE MIAMI

New Orleans, Sept. 26.—(P)—The tropical radio here at 11:30 a. m. received the following message from the U. S. Weather bureau at Miami: "Indications are that the storm center is moving to south of Miami. Winds have been steadily northeast for more than an hour. If storm moves west from south of Miami it will pass directly over or slightly south of Miami, giving in either case a maximum intensity of storm."

"Miami barometer 19.81 steady. There has been no appreciable change in barometer in Miami for nearly 24 hours."

TEXAN IN NEW ZEALAND TO FIGHT EXTRADITION

Temple, Texas, Sept. 26.—(P)—A. B. Crouch, who because he was one of the "big" people of this town was able, the state claims, to swindle local banks out of \$150,000, has been found after 16 years of search, but does not intend to return to Temple for trial without a struggle.

In a telegram received here last night, U. S. Senator Tom Connally, at Washington, said the arrest of Crouch in Helensville, New Zealand, had been confirmed by the State Department, but that Crouch, identified by Sheriff John R. Bigham of Bell County, denied he was the fugitive sought and retained "highly paid" lawyers to resist extradition attempts.

Crouch, operator of a thriving grain business here, was superintendent of a Sunday school.

GIRL KILLED IN CARNIVAL SHOW AT ABILENE FAIR

Abilene, Texas, Sept. 26.—(P)—Betty Jean Bradley, 26, connected with a carnival company operating at the West Texas exposition here, was injured fatally last night when she dived into a water show tank. She died today. The body was held here pending word from Elgin, Ill., where her mother, Mrs. Sam Smith, resides.

Census Head Named.

Washington, Sept. 26.—(P)—Clarence C. Cocking today was appointed by the census bureau as supervisor for the 1930 census for Anderson, Brazos, Grimes, Houston, Leon, Madison, Robertson, Trinity, and Walker counties in Texas with headquarters at Palestine.

Chevrolet Agents Attend Meeting Here Wednesday

C. M. Ladd of Vernon Chevrolet agency was host to the Vernon district Chevrolet dealers and salesmen at a meeting Wednesday night. Dealers from Crowell, Thalia, Chillicothe, Odell, Altus, Quanah, Oklahoma and Vernon were present with salesmen from each agency.

R. M. Chase, manager of the north Texas zone of Amarillo, attended the meeting and led a discussion on sales and conditions in the territory represented at the meeting.

ELEVEN VERNON BARBER SHOPS TO RAISE PRICES

Eleven Vernon barber shops have increased the price of hair cuts from 25 to 35 cents with the announcement of the new Texas barber law, it was announced today. The price increase goes into effect at once, J. H. Perry, manager of Perry shop, said today.

Under the new arrangement shops in Vernon and throughout the state will be cleaner and more sanitary and better equipped to give more service, Mr. Perry said.

Th shop owners of Vernon who increased the hair cut price are O. B. Dawdy, Paul Green, R. D. Bain, A. F. White, Emery Wheelless, Davis and Williams, W. A. Beck, Wilson and Kelley, W. S. Gantt, J. M. Abbott, and L. H. Perry.

TREE LAND MARK AT MAIN AND WILBARGER FELLED

The large tree at the corner of Main and Wilbarger Streets near the Massie-Vernon grocery store was cut down this morning. The tree has been standing for about 40 years. It was a land mark in earlier times and a trading center when the streets were used for public trading. The tree was also a headquarters for visiting Indians in the days before the Oklahoma territory became a state.

Cupid Busy.
Cupid's business has picked up some in Vernon during September, County Clerk J. E. Collins said today. A total of seven applications for licenses to marry have been received this month and four licenses have been issued. Two applications were received today.

BOURLAND AND SHIPP VISIT CENTRAL WEST TEXAS

Grady Shipp, secretary of the Vernon Chamber of Commerce and A. M. Bourland, president-manager of the West Texas Chamber of Commerce, will return to Vernon Saturday following a trip through a number of central West Texas cities. Both men attended the all-state highway commission meeting in Fort Worth Wednesday at which a program for the state highways was discussed. The meeting was attended by the president and manager and three committeemen of the South, East and West Texas C. of C. organizations.

Mr. Shipp and Mr. Bourland planned to visit Mineral Wells, Sweetwater, Brownwood and San Angelo before returning to Vernon.

HIGHWAY NO. 5 PAVING WILL BE STARTED SOON

Pipe lines for water supply are being put in this week by C. F. Lytle and Son, contractors for the remaining 6.29 miles of paving on Highway 5 in Wilbarger County, near Tolbert. The contractors will start pouring of concrete as soon as the newest "fills" on the road bed are settled by being soaked thoroughly in water.

FARM LABOR EXPERT HERE TO HELP LOCATE PICKERS

T. E. Crabb of the Farm Labor Division of the employment service conducted by the United States Department of Labor arrived in Vernon today and will remain here for about three weeks working in the interests of Wilbarger County cotton farmers in supplying cotton pickers where they are needed.

REV. BICKLEY SPEAKS TO OPTIMIST CLUB AT NOON

Rev. C. A. Bickley, pastor of the First Methodist Church, was the principal speaker at the noon luncheon of the Optimist Club today at the Liberty Cafe banquet room. Rev. Bickley spoke on "Club Activity." C. W. Potts, of Dallas, was a guest of the club.

Negro Held In Theft.
Joe Holton, Vernon negro, was returned from Quanah Wednesday afternoon by officers of the Vernon Sheriff's department on a charge of theft. Holton was arrested in Quanah in response to a telephone call from Vernon after two spare casings were stolen from the garage of Arthur Vernon on West Paradise Street Tuesday.

OKLAUNION MAN DIES HERE AT HOME OF DAUGHTER

Henry David Lee, 70, of Oklahoma, died in Vernon this morning at 2 o'clock at the home of a daughter, Mrs. O. J. Britte, 618 Wood Street. He had been at his daughter's home since taking ill about two weeks ago. Mr. Lee has made his home in Oklahoma for ten years. Funeral services will be held Friday afternoon at 3 o'clock at the home of Mrs. Britte. Interment will be made in East View Cemetery. The Underwood Funeral Home is in charge of funeral arrangements.

Mr. Lee is survived by a widow, two sons and two daughters, G. W. Lee, near Oklahoma; W. M. Lee, Oklahoma; Mrs. C. Y. Young, Lockett; and Mrs. Britte, Vernon.

REV. W. W. SMITH PREACHES ON "CLEANING OLD WELLS"

Rev. Woody W. Smith, pastor of the Crowell Baptist Church, preached on "Cleaning out the Old Wells," at the revival services, which are being held in the Grogan Building on West Wilbarger Street, last night. The sermon topic tonight will be "The Christian Interest in a Lost World." Larger crowds are attending the meeting with growing interest.

Chicago.			
Chicago, Sept. 26.—(P)—Much higher Liverpool quotations than looked for, together with greatly curtailed estimates from Australia, led to sharp early upturns today in wheat here.			
Opening 5-8c to 2 3-4c higher, Chicago wheat later continued to show marked strength. Corn, oats and provisions were also displaying an upward trend, with corn starting 3-4c to 1 3-4c gain, and subsequently holding firm.

STRONG QUANAH SQUAD INVADERS VERNON SATURDAY

INDIANS HEAVIER AND IN MUCH BETTER CONDITION THAN THEY WERE AT THIS TIME IN 1928

Quannah, Sept. 25.—Coach Bradford will arrive in Vernon Saturday afternoon for the invasion of the Lions den in the first football game of either team this year with his tribe of Indians in much better shape than at this time last year. The squad is some heavier than the Indian entry in the 1928 race, and the players have gone through much more intense and thorough preparation and should be in condition to give the Lions a real scrap.

With more than half of his squad inexperienced, the Indian mentor early demonstrated the belief that the way to teach football is to make them play football. About three days after training started the Indians met Crowley, and then journeyed to Childress for a game the following day. The tribe lost these and a game with Chillicothe, but Coach Bradford has placed his stress on practice and experience rather than winning games, and fans believe that he is polishing off a football machine that will be heard from in the League race.

The Indians have ample reserve material this year, and in the early games it has been difficult to distinguish between the performances of some of the rivals for regular berths. There are at least two men seeking each position.

The contest with Vernon is attracting much attention here and several hundred fans will accompany the Indians to Vernon Saturday.

Men who will see service in the game are:

Center, Mosley and Barnett.
Right guard, O'Hair and Bolton.
Left tackle, Harrill.
Left end, Norman and Corder.
Right end, Shields, Goin and Horne.
Half back, Page, Marshall, Jones, and Faircloth.
Fullback, Rogers and Lovell.
Quarterback, Roberts and Lovell.

Auto Registration.
W. B. Reid, Electric, Ford sedan.
Z. Z. Savage & W. W. Webster, Chevrolet coupe.
H. B. Boswell, Harrold, Chevrolet coach.

Denton and Gould Teams Signed To Play in Vernon

Completion of the 1929 Vernon Lions' gridiron schedule was announced this morning by Coach W. C. W. in Denton High School and the Gould, Okla., High School have been added to the card, giving the Lions nine more games for the season. The contract from the Denton school was returned Wednesday and the game is to be played in Vernon on October 19. The Gould eleven will play in Vernon on October 15.

This arrangement gives the Vernon fans two games in one week. The Gould squad opening here on Tuesday and Denton closing the week on Saturday. The Lions will be far enough along in the season at the time that two games should not worry them, although neither is a conference contest.

Coaches Weir and Binick of the Lions through a short scrimmage session Wednesday continuing their preparation for the visit of the Quannah Indians on Saturday. It was the second scrimmage of the week with part of the squad going through their paces against the marines on Tuesday. Some new plays have been given the Lions this week and the Indians are due for a surprise when they come to town.

The remaining games on the Lions schedule are:

Sept. 25, Quannah at Vernon.
Oct. 4, Grandfield, Okla., at Vernon.
Oct. 15, Gould, Okla., at Vernon.
Oct. 19, Denton at Vernon.
Nov. 2, Wichita Falls at Wichita Falls.
Nov. 11, Amarillo at Vernon.
Nov. 16, Plainview at Plainview.
Nov. 23, Lubbock at Vernon.
Nov. 28, Electric at Electric.

MANY CIRCUIT CLOUTS HIT IN MAJOR GAMES

Baseball World Mourning Death of Miller Huggins, and There Is Little Zest in Conflicts—Yankees Clinch Second Place in League.

(By The Associated Press)

With the baseball world mourning the death of Miller Huggins, there was little zest in the games yesterday, and a home run shower at Baker Bowl was the most noteworthy happening. Chuck Klein hit two of these, and not only pulled up to within one of Melvin Ott and the National League record of forty-two, but also because the fourth national leaguer in fifty-four years to pass the forty mark.

Frank O'Doul hit his thirty-first and Donald Hest his thirtieth. Signaling the Philadelphia rout, and Herman of Brooklyn also cleared the fence. Hest's drive followed Klein's fourth in the ninth round of the first game, enabling the Phils to win 10 to 9. The second game was a Philadelphia victory by 8 to 5, pulling the Baker boys up to within half a game of the first-place Robins.

The Giants defeated the Braves 5 to 4 at the Polo Grounds, climbing to within three games of the second place pirates. Each of these clubs will face one contest short of its allotted 154, leaving the Giants only eight games in which to win four. The Nationals whitewashed the Reds 8 to 0 in the remaining National League game, the Cubs and Pirates having an open date on their schedule.

Tony Lazzeri's triple and Lou Gehrig's sacrifice fly enabled the Yankees to pull out the decision at Boston 11 to 10 in the eleventh inning. The Yankees were affected by news of their manager's death, but pulled themselves together in time to earn the victory which clinched second place for them.

Glenn Myatt's home run with two on in the ninth enabled Cleveland to nose out Chicago 9 to 7, and the Browns shaded Detroit 3 to 2 in remaining American League games.

McCarthy's Hustling Cublets Are Anxious To Face Athletics and Demonstrate Respective Talents

Chicago, Sept. 25.—(AP)—Joe McCarthy's hustling Cublets have read so much of the near infallibility of their world series opponents, the Philadelphia Athletics, that they are crackling with curiosity.

Hack Wilson, distinguished Pennsylvania Dutchman who specializes in a run, is eager to see if he can slap one or more of Lefty Grove's portside slants out of the park.

Kiki Cuyler, who has suffered 46 bases so far this season, wants to test the famed throwing arm of Catcher Mickey Cochrane.

Guy Bush, leading pitcher of the Heydler circuit who gets a greater thrill out of a base hit for himself than a strikeout, wants to prove he is a dangerous man with a bat, the edge on their circuit in gaining

got five hits last season).

Put Malone wants to see if his speed ball is the best in the league.

"Murderers' row," composed of Rogers, Hornsby, Cuyler, Wilson and Riggs Stephenson, wants a chance to prove it can slaughter the best pitching in the American League as completely as in the National.

Stephenson wants to come up to bat with the bases choked and determine whether he can "sweep 'em all in."

Not one of the Cubs plans to seek personal glory at the expense of team union; they insist but they all want to get a chance to prove their specialties would be possible by them in the American League, which holds a dangerous man with a bat, the edge on their circuit in gaining

world's championships.

Each can be noticed any time studying Athletic records for this season. Each has his opponent clearly analyzed except for Hack Wilson, who "likes to take 'em as they come along."

The purdy-ever-ready-to-flight Cub centerfielder, is polishing up a new willow for the fray, and whether he slams homers or whiffs, he is certain to provide thrills for the thrill seeking world series crowd.

"We're ready for those fellows right now," Hack said between puffs in a workout at Wrigley Field. "I've

heard so much about their great team it sounds like a fairy story. I'm interested to know if it's all true."

"Murderers' row" has a combined average of .359 as compared to a .332 mark held by the Yankees cleanup group in 1928.

Sun-Tan Is The Fashion!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

False modesty is a relic of an ancient prejudice. AMERICAN INTELLIGENCE has cut it away and, in behalf of better health and pure enjoyment, sponsors the fashion of sensible swimming attire.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

BIRMINGHAM GRASPS LEAD FIRST IN DIXIE SERIES

GLAZNER CHOICE OF STEERS TO OFFSET SHUTOUT VICTORY GAINED BY BARONS WEDNESDAY

Birmingham, Ala., Sept. 26.—(P)—"Whitey" Glazner, who rose to pitching fame from the sand lots of Birmingham, was Milton Stock's choice for mound duty as the Dallas Steers met the Barons in the second game of the Dixie series.

He'd Never Seen It's Like Before

HE'D NEVER SEEN ORGATONE

Abilene Contractor was Sometimes in Bed for Days at a Time on Account of Bad Health.

"If I could speak with everybody personally who has stomach trouble and gall stones I would tell them to take Orgatone for I have tried it myself and have never seen anything like it," was the statement made by G. W. Matthews, residing at 774 Merchant St., Abilene, Texas, recently. Mr. Matthews who is a well known contractor and had been for the past twenty years is now constructing a new church school in Abilene.

"About thirty years ago," he continued, "I began suffering from stomach and gall bladder trouble, and kept getting worse in spite of all I could do. I would have headaches and dizzy spells that would almost drive me crazy. Sometimes pains would strike me in the small of my back and I would be in bed for days at a time. I also suffered agonies from gas which seemed to effect my heart, felt tired, worn out, and no account all the time. I simply got to where I had to be as careful as a baby about my eating, in fact, food sometimes acted just like poison in my stomach.

"A few weeks ago some of my friends began to tell me about Orgatone and I decided to see if it would help as others said it had them. My stomach soon got in shape to where I could eat just anything I wanted without the slightest trouble afterwards. So I kept on taking Orgatone and when I finished my second bottle my gall stones and all other trouble had disappeared and I have not a pain in my body. I feel better than I have in thirty years. No doubt there are lots of people today suffering like I did before I took Orgatone and if I can show them the road to health I think it is nothing but right that I should do so."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Vernon, by the Vernon Drug Store.

hopeful he would pitch the Steers to an even break with the Barons, who bopped out in front yesterday with a 1 to 0 victory.

His pitching opponent was doubtful this morning with Manager Debbis having any one of five men ready.

The Barons eked out victory in the opening battle when Clabaugh, right fielder, stole home in a doublet theft in which outfielder Bennett aided. The run came in the seventh after Clabaugh had walked. After Weiss popped out Ernie Smith singled to short left and Clabaugh stopped at second. Clabaugh moved to third when Bennett forced Smith and came home a moment later on a double steal.

The run broke up a pitchers' battle between Ludolph, Southern Association's leading hurler, and George Connolly of Dallas. Up to that time each hurler had allowed only one hit. Following the game here today, the teams will go to Dallas where the series will be resumed Saturday with the second game scheduled for the Texas city for Sunday and Monday.

A total of 9,551 fans paid \$15,052 to see the opening game. Of this amount \$7,224.96 goes to the players, \$3,819 to the two participating clubs and \$3,010 to the two leagues.

CUTTING SWAG OCCUPIES MINDS OF SERIES PLAYERS

Dallas, Sept. 26.—(P)—While the Dallas Steers and Birmingham Barons are very much in earnest about winning the Dixie Series, it is fair to assume the individual members of each team have worn out many pencils figuring their cut of the big money classic.

Customers who file through the gates for the first four games of the series will deposit in the neighborhood of \$1,000 in the pocket of each player on the winning team, maybe more.

After four games have been played, the minimum number to decide the championship, the performers will cease to estimate the crowd between pitches and devote all their energy to the problem at hand. The owners split the swag from there on.

The intake for the first four tussles is divided thus: 20 per cent of the gross to the Texas and Southern leagues, each sticking 10 per cent in its sinking fund; 48 per cent to the players of the two teams, to be divided on a 60-40 basis between winner and loser; 16 per cent to the Texas League, for division between the players of the three leading clubs, the same to the Southern.

The Texas League's 16 per cent will be divided between Dallas, Wichita Falls and Shreveport, 66 2-3 per cent, 20 per cent and 13 1-3 per cent, respectively. The players get all this.

LOUGHRAN AND SHARKEY WILL CLASH TONIGHT

Neither Fighter Has Been Made an Outstanding Favorite Among Bettors and Opinions Are Greatly at Variance as Battle Nears.

New York, Sept. 26.—(P)—Jack Sharkey of Boston and Tommy Loughran of Philadelphia meet at the Yankee stadium tonight in a 15-round bout.

Barring disappointments of various kinds, the echoes are scheduled to carry as far as Miami, where the victor may have an important part in deciding the heavyweight championship of the world this winter.

Neither fighter has been made an outstanding favorite among the bettors. Opinions are greatly at variance with the results about even. Sharkey backers freely predict the talkative tar will bore into Loughran and end the battle before its scheduled time. The Philadelphia fans are as confident the former light heavyweight champion will completely outbox his rival and perhaps do better with the punch said to have come with added size.

Conversation has been one of the most evident things in the preliminaries of the battle, and some skeptics have even dared to say perhaps the pre-battle statements of the principals and the disputes of the fans are responsible for the wave of warm weather that has brought a great increase in the advance sales of tickets.

Today's box office predictions are that some 50,000 persons will surround the ring when the fighters enter it at 10 o'clock, daylight time, and that receipts will be somewhere in the neighborhood of \$300,000.

Sharkey was expected to tip the boxing commission scales at about 195 pounds, while Loughran, bearing the greatest weight of his ring career, was about ten pounds below that mark.

There will be no radio casting of the fights.

HUGGINS DEATH ATTRIBUTED TO INTENSE EFFORTS GIVEN TO DIRECTING LOSING TEAM

New York, Sept. 26.—(P)—If casual lists were issued in baseball, we should see one this morning reading something like this:

"Killed in action—Miller J. Huggins."

The mighty midget of the Yankees lies dead when, on the word of Dr. Edward King, his physician, he might be alive if the stamina he devoted to the losing pennant battle of his ball team had been hoarded for the benefit of his own well-being. Taxed more and more by each succeeding baseball campaign, the miniature commander of the Ruppert rifles was drained of strength when he entered St. Vincent's hospital last Friday, and was easy prey for the toxins which ended his life at 3:16 p. m., yesterday.

All baseball will pay tribute to him at 2 o'clock tomorrow afternoon when his funeral will be held at the Church of the Transfiguration. The limited space will be far over-taxed by the baseball host which will be present.

The body will be placed aboard a train for Cincinnati where Huggins will be buried on Sunday beside his father and mother. The services in New York will be conducted by the Rev. Dr. J. E. Price, pastor of the Washington Heights Methodist Episcopal Church, and those in Cincinnati by a minister from the Walnut Hills Presbyterian Church.

E. S. Barnard, president of the American League, cancelled the schedule of that circuit for tomorrow as soon as he learned of plans for the funeral. The National League probably will pay its respect to the man who won eight straight games from its clubs in the last two world series by observing a minute of prayer before the start of the games tomorrow. These are at Philadelphia and St. Louis.

After playing in Washington today, the Yankees will entrain for New York and will not return to the capital to resume the series until Saturday. The players will attend the funeral in a body.

Huggins' death was caused by complications after erysipelas and influenza. Toward the end Huggins was unable to recognize his sister.

Myrtle Huggins, with whom he made his home here and in St. Petersburg; his brother and sister-in-law, Mr. and Mrs. Arthur Huggins of St. Petersburg; Robert J. Connerly, a life-long friend, Colonel Jacob Ruppert, owner of the Yankees, and Edward G. Harrow, business manager.

The baseball wizard was 49 years old. He had been surprisingly successful in Florida real estate, and was reputed to be worth about \$250,000.

TEXAS AGGIES HAVE WON MOST CONFERENCE TITLES

Dallas, Sept. 26.—(P)—No matter what eleven wins this year's Southwest Conference gridiron crown, the Texas Aggies still will outstrip the field in number of championships won since the conference was organized in 1915.

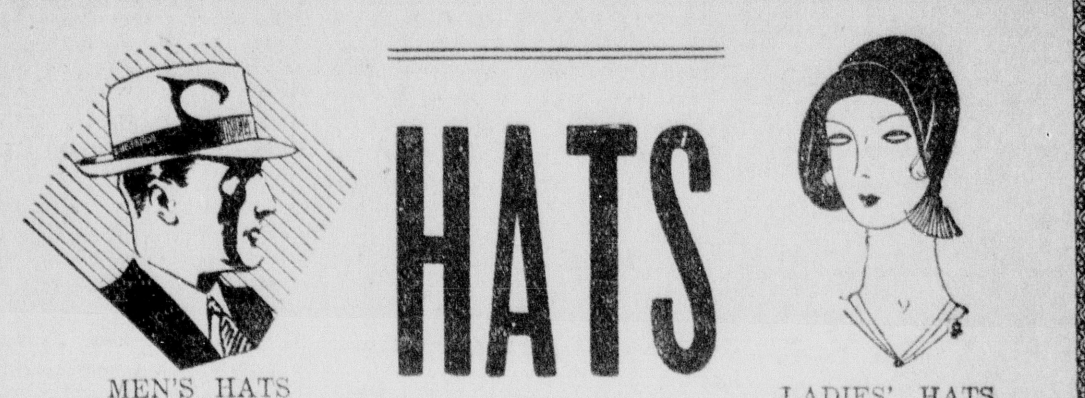

Of the 12 titles officially awarded, the Aggies have won five, Baylor three, and Texas University and Southern Methodist University two apiece. Three schools, Arkansas, Texas Christian and Rice have not won a title since the modern conference was formed.

A full schedule was not played either in 1916 or 1918 and no title was declared, although Baylor was conceded the strongest team in 1916.

Charter members of the reorganized conference in 1918 included Rice, Texas A. & M., Texas University, Arkansas, Baylor, Oklahoma University, Southern Methodist University and Oklahoma Aggies. The Oklahoma schools and Southwestern since have dropped out and S. M. U. and T. C. U. been added.

The Kick Requires More Than The Toe

THE driving power behind the toe of the gridiron warrior is not acquired in a single day. It requires many an hour of hard work building up, step by step, a reserve force of energy, accuracy, strength.

Neither is financial success acquired over night. It requires the day-by-day building of a reserve fund, deposited where helpful bank associations add much to the value of the account.

PROTECTING BORGER'S REPUTATION

Another furore has broken out at Borger and again some of the citizens have rallied to the protection of the "fair name of the city." When a member of the Texas Rangers declared that crime conditions in the Panhandle city are the worst encountered by him in more than a score of years of service and a number of Borger citizens and officials immediately became indignant, and attacked the statement. Indications that Governor Moody is contemplating establishing martial law in the city until it is cleaned up as a step to protect the interests of the law-abiding citizens have met with similar denunciations.

The Record is a staunch exponent of local authority. It has always argued that the people are capable of managing their own affairs, and can do it better than anyone else, everything considered. However, it is conceivable that occasions will arise when outside interference is warranted, and it must be admitted that, on the fact of things, there is grounds for argument that such a situation obtains at Borger now.

It is difficult to understand how Borger citizens can be so anxious to prevent any action that will be damaging to the name of the city and yet tolerate conditions which undoubtedly exist there. Would it be more injurious to the reputation of the city to have it cleaned up by soldiers than to have it known that a prosecuting attorney was slain and the slayer went unpunished. We would not be surprised to hear of the slaying of a district attorney in Chicago, but it is shocking to have it happen here in Texas, and Borger cannot expect Texans to view it lightly. It is doubtful if Texans would consider establishment of martial law more damaging to the name of the city than the fact that more than a score of killings in Borger during the past three years have gone unpunished, and that the presence of Rangers has been demanded on numerous occasions.

These are facts which should be faced. Borger needs a thorough cleaning. If the job can be done by local authorities, well and good, but it should be done. After all there is nothing disgraceful about crime suppression. The fact that conditions demand drastic methods is all there is to be lamented. Local authority

has failed to cope with crime in Borger in the past, and it is easy to appreciate the viewpoint of some of the law-abiding element who are asking for martial law.

After all, whatever damage results to the city's reputation from establishment of martial law can be lived down once crime conditions have been cleared up. If conditions are allowed to remain as they have existed in the past, the name Borger will continue to be synonymous with crime in the minds of many people everywhere.

AN EXAMPLE OF QUIBBLING

During the past few days a controversy of a minor nature yet one that has been watched with unusual interest throughout the United States, has been going on at the National capital. Senator Howell's assertion that Washington, ordinarily wet, could be made free of liquor traffic if the President so desired, intimating that Hoover did not want to stamp out bootlegging.

Hoover, assuming the attitude of a wronged person, chose to make his defense on technical points and called upon the Senator to supply the Department of Justice with specific information which the chief executive plainly stated he expected the Senator to have before making such charges. Howell also chose to stall a bit, and he declined to give specific instances, declaring he did not think a Senator should be called upon for them, and then in a later statement pointed out that the embassies are all well-stocked with liquor.

Obviously this reference to the embassy liquor stock does not explain the intimation made in the Senator's first declaration. It is likewise apparent that the President is hard pressed for a defense in demanding specific instances. With both parties stalling, it is patent that nothing will come of the controversy.

Any private citizen, and it is to be assumed that the President is capable of perceiving anything apparent to the private citizen, must recognize that bootlegging is carried on in Washington, otherwise it is a very exceptional city. We don't have to demand specific instances to be convinced that the liquor trade is being plied in Vernon, and any other nearby city. It is very difficult to believe that the President is actually ignorant of the fact that bootlegging is being carried on in Washington.

Of course it may be impossible to

stamp it out. The Record frankly admits that. However, the point is, the President was merely stalling when he demanded specific instances and assumed the attitude that all he wanted was information before starting his forces to work cleaning up the capital. As Senator Howell stated, there are some things that are a matter of common knowledge, and it is doubtful indeed that the President, as capable and intelligent as he has proven himself to be, aided by the corps of learned workers, would have to engage long in an honest effort to uncover bootlegging in the capital before he uncovered the specific instances sought.

It will never be done. So it leaves the private citizen wondering if the chief executive is as anxious to enforce the prohibition law as he appeared during the campaign. Of course Senator Howell's remarks may be characterized as mere bluffing, but one may wonder if after all it wasn't a bluff hurled at a bluff—that of enforcing the prohibition law.

DORAN SCORES BUSINESS MEN WHO USE LIQUOR

Indianapolis, Ind., Sept. 25.—(AP)—Dr. James M. Doran, Federal commissioner of prohibition, Wednesday attacked as "inconsistent" business leaders who regard liquor drinking an evil for their employees but who feel the law should not interfere with their own drinking.

In an address prepared for delivery before the fifty-fifth annual convention here of the National Woman's Christian Temperance Union, Dr. Doran said it was encouraging to note that among those prominent in business "there is a growing conviction that they have individual responsibility as leaders and the laws XXX should be respected and observed in good faith" by all.

He said he knew of no economist who having studied the problem, did not believe the Government's policy has "brought tremendous economic advance."

SOCIETY

Musicians' Club Inaugurates New Year Wednesday

A delightful social meeting Wednesday afternoon inaugurated the year's study program of members of the Musicians' Club at the home of Mrs. W. N. Stokes on Wilbarger Street. The home was decked with beautiful masses of pink roses. At the opening of the meeting roll call was answered to with vacation reminiscences, and a short program was given.

Miss Flossie Bowman entertained with a piano solo, and Miss Gylma Orr gave a reading, after which a musical game, "Great Composers," was the diversion for the remainder of the afternoon.

Y. H. Babasin, president at a business session preceding the program. A committee was appointed to investigate the bringing of a young musician to a piano recital. The committee is composed of Mrs. R. D. L. Killough, Miss Catherine Pierce, and Mrs. J. J. Cokerell. The new year books were distributed at the meeting.

At the close of the afternoon the hostess, assisted by Mrs. C. W. Andrews, Mrs. Y. H. Babasin, Miss Gylma Orr, Mrs. J. A. Birdsong, Mrs. Fred Buckingham, and Mrs. J. J. Cokerell, served a delicious salad course.

The members present were: Mrs. C. W. Andrews, Mrs. Y. H. Babasin, Miss Flossie Bowman, Mrs. J. J. Cokerell, Mrs. J. A. Birdsong, Mrs. Fred Buckingham, and Mrs. J. J. Cokerell.

Cokerell, Mrs. Hub Colley, Mrs. C. J. Farrell, Miss Frances Collins, Mrs. J. E. Harroun, Mrs. J. A. Huber, Mrs. J. R. Huie, Mrs. R. D. L. Killough, Mrs. J. B. Lawson, Mrs. Ben Leutwyler, Mrs. R. H. Mrs. Key Entertains With Birthday Party Honoring Son

Mrs. O. R. Key entertained Wednesday afternoon from 3 to 6 o'clock with a birthday party honoring her son, O. R. Jr., on his seventh birthday, at the home in Castlebury Park. Games were played throughout the afternoon, after which the guests gathered around a table, which was centered with a large white birthday cake topped with seven pink lighted candles. Each guest made a birthday wish for the honoree and all helped blow the candles out. The cake was served with banana nut ice cream. Candy suckers were given as favors.

The guests included: Ray Ferguson, Ralph Rutherford, Jr., Paul D. and Dan Chaney, Bernice Span, L. O. Holloway, Linville Winn, C. M. Morris, Geniece Key, and the honoree, O. R. Key Jr.

Jury Convicts Mrs. Pantages in Fatal Crash

Los Angeles, Sept. 26.—(AP)—Mrs. Lois Pantages, convicted of manslaughter in connection with the death of a Japanese gardener, after a collision of their automobiles, was sentenced to the county jail for the term of three months today.

The five women and seven men who had heard three weeks of testimony concerning Mrs. Pantages' alleged intoxicated condition at the time of a fatal collision June 16, and the subsequent death of Juro Rokumoto, found her criminally responsible within 28 hours after the case.

Needs You," and Miss Doris Leggett, county home demonstration agent, will talk on the club work of the county.

At the close of the program, a social hour will be held and refreshments will be served.

had been placed in their hands. Superior Judge Carlos Hardy set 2 p. m. tomorrow as the hour of pronouncement of sentence, which is fixed by California law at from one to ten years imprisonment. He permitted the woman her freedom under a \$10,000 bond posted prior to the trial pending action on motions for probation and a new trial.

Alexander I. Pantages, husband of the convicted woman, who has himself faces trial October 1 on two statutory charges brought by Eulice Pringle, dancer, sat through the final episode of the sensational trial with tears streaming down his face.

One of the outgrowths of the sensational trial was the beginning of contempt of court proceedings against the Rev. Dr. R. P. (Fighting Bob) Shuler, pastor of Trinity Methodist Episcopal Church South in Los Angeles, and the Rev. Gustav Bruegel, another prominent pastor here. For many years, the Rev. Shuler was pastor of churches in Texas.

The Rev. Dr. Shuler and the Rev. Mr. Bruegel were accused of deliberately casting reflections upon the integrity of the jury which convicted Mrs. Pantages. At the time the jury was selected, the Rev. Dr. Shuler in a speech broadcast by the radio station of his church allegedly said the jury was "hung" before the taking of testimony had begun and he could name the man who would "hang" it.

Judge Hardy ordered the ministers to appear Monday to show cause why they should not be adjudged in contempt.

COOLIDGE BRIDAL COUPLE VISIT OLD VERMONT HOME

Plymouth, Vt., Sept. 25.—(AP)—One of the first places visited by Mr. and Mrs. John Coolidge on their honeymoon has been the farm house where six years ago his grandfather, now dead, swore in his father as President of the United States.

The presence of a Coolidge was no novelty to this little hamlet in the hills, but the neighbors were

frankly interested in the new Mrs. Coolidge and, with the freedom of the homestead to pay their old acquaintances, they flocked to see the daughter of Connecticut's Governor.

John and his bride met them in the very room where, on the morning of August 3, 1923, his father took the oath of office in succession to Warren G. Harding. The bridal couple reached here last night after a motor trip from Windsor, Mass.

Russell's Dept. Store WHERE PRICE AND QUALITY MEET

a WHALE of a truck tire!

10 plies of heavy SUPERTWIST carcass, full 15 per cent oversize, extra thick, massive tread, double breaker strips, extra heavy side walls. Traction, mileage and long wear at low cost.

Priced under tires that cannot touch it for quality... an outstanding value made possible by the enormous production of the world's largest rubber company... Goodyear.

Come in and let us show you this tire. And then consider its low price.

LISTEN FELLOWS,

told you last fall your plumbing was going to freeze up, better prepare for it. It did, and you got in a hurry to get it fixed, but some of you sure have not been in a hurry to pay me. So you fellows that know you owe me, kick in. I need the money. I am in good health and do not intend to take a vacation but I want the money so I can pay my honest debts.

Faster Service Effectuated for Air Mail Utilization

Fort Worth, Sept. 26.—(AP)—In response to requests from business houses at points on the Dallas-El Paso passenger line of the Southern Air Transport system, the Postoffice department has granted the airline permission to carry via air express bundles of stamped but uncancelled air mail for mailing at the postoffice at Meachum Field, Fort Worth, Vector F. Grime, general traffic manager, announced.

By this means, Mr. Grime explained, users of the service will be able to save 12 hours in sending a letter from any point along the line to Middle West or Eastern points, or to any point in the Eastern South, either, for that matter. Going out of any of these points West of Fort Worth, the mail has to take the morning air mail ship north if it is going to most anywhere in the Middle West, North or East.

But if it goes into Fort Worth on the Southern Air Transport plane it can take the night plane out.

"Firms using this service can pre-

pare the mail for mailing, putting on the required stamps and then bundle it all together and ship it together as one bundle by air express, with instructions on the outside of the package to mail the letters at the Fort Worth airport," Mr. Grime said.

New Instrument To Ban Fog as Aviation Danger

Mitchell Field, N. Y., Sept. 26.—(AP)—Elimination of fog as a hazard of flying seemed assured today. In a demonstration flight, three instruments enabled a pilot to rise, fly and land a plane with the cockpit covered.

Lieutenant James H. Doolittle, Army racing pilot, took up a plane, directed it over a 15-mile course and landed it within a few yards of the starting point yesterday solely by instruments.

The test was made under direction of Harry F. Guggenheim, president of the Daniel F. Guggenheim foundation for the promotion of

aeronautics, sponsors for the experiments.

The new instruments upon which Lieut. Doolittle relied in his canvas covered cockpit were an artificial horizon, a visual radio receiver and a delicate barometric altimeter. The artificial horizon is an instrument which shows the plane's lateral and longitudinal angle to the ground when the real horizon is hidden.

The visual radio receiver consists of two vibrating reeds which indicate when the plane is headed directly for its objective and when it is over it.

The altimeter is so sensitive it measures the altitude of a plane within a few feet of the ground, making possible safe landing on an obscured field.

CALLES NOT EXPECTING TO RETURN TO MEXICO

Paris, Sept. 26.—(AP)—Former President Plutarco Elias Calles of Mexico today informed the Associated Press correspondent he did not intend to return to Mexico for the presidential election campaign, which has produced grave disorders between rival parties. He thinks a revolution in Mexico at present is "highly improbable."

FLOWERS' AUTOMOBILE IS STOLEN AT ODELL

Watch Tongue For Signs of Illness

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system—and physicians say that 90 per cent of all sicknesses start with stomach and bowel trouble.

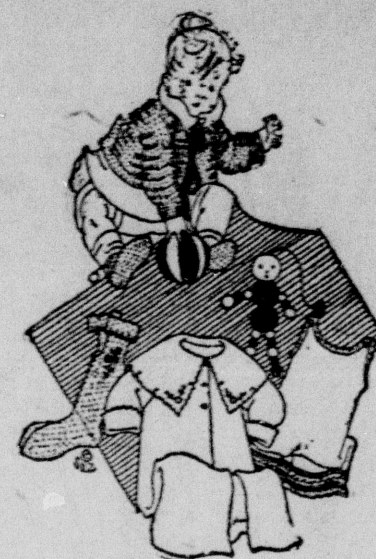

A white or yellowish coating on your tongue is a danger signal of those digestive disorders. It tells you why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells.

And it's a sign you need Tanlac. This good old reliable medicine has helped thousands who were physical wrecks. See how the first bottle helps you.

Tanlac contains no mineral drugs; it is made of barks, herbs and roots—nature's own medicines for the sick. Get a bottle from your druggist today. Your money back if it doesn't help you.

New Silhouette

The advent of a new silhouette is the most important fashion change we have had for many seasons. We present this new contour in frocks and coats which fashion-wise women will welcome as lovely, authentic examples of the smart mode. Some of the ways and means by which it is accomplished are illustrated:

Longer Skirts—Paris says four inches below the knee for daytime frocks.

Uneven Hemlines—a fashion for afternoon and evening.

Higher Waistline—belts, shirrings, tucks or pleats define the normal waistline.

Back Interest—intricate seaming, tucks, godets and flares on coats and frocks.

Lingerie Touches—necklines showing lingerie touches and lace, are newer than the collarless line.

Moulded Hip Line—a snugly draped effect over hips, slight flare at knee.
